### **About the season of rebuilding**

The Benefits Plan of the Presbyterian Church (U.S.A.) was created for a different church at a different time. The dues structure has not changed in nearly 40 years, while the denomination has not stopped changing. Declining church membership, shifting demographics, and rising healthcare costs have meant that fewer and fewer congregations can afford to enroll pastoral leadership in the plan. The goal of the season of rebuilding is to make the necessary changes to provide greater flexibility and cost control for congregations as they care for the well-being of their pastoral leaders.
