

On this page, we can see a bit about what Mission/NWCC Communities we support, and understand Per Capita and Mission Giving

Once you select "Give Now" on this page you will be taken to our designated Presbyterian Foundation page that hosts our giving options.

Before you contribute, please "Create a Profile" so that in the future you will have a more streamlined experience.

Once you have created a profile, and save that information, a simple “log in” the next time you visit the “Give Now” web page, your information and account details will be quickly accessed.

After your profile has been created, you are now ready to select what presbytery fund(s) you would like to contribute to. Be sure to select “One Time” or whatever giving option you desire for the fund you are supporting.

You will need to enter your chosen payment option in the next screen. Your preferred payment option will be saved for faster/easier access in the future.

Finally, you can process your payment!

This is an automated system, so you will receive an email regarding your payment, as will our office manager, Leigh Porter. This will ensure clarity for both the giver and accounting of the appropriate fund.

If you have any questions, please let us know by phone at 314.772.2395 or by emailing Leigh Porter, at lporter@glpby.org. If outside of normal business hours, you may call or text Janice McMillen at 573.578.3960 or email jmcmillen@glpby.org
